RE: FX-2000

This will acknowledge your submission dated 2002/01/03, concerning the above product for which you have requested acceptance for use in Federally Registered Food Establishments.

The information provided has been reviewed and based on the information presently available, we would have no objection to the composition and intended use of this product in food plants provided that:

- A) there will be no contamination of food as a result of its use;
- B) the amount of the product is not in excess of that required to achieve its intended technical effect.

Regarding the label we wish to make the following comments:

The statement "**For Food Plant Use**" must appear on the label as outlined on the application form CFIA 4031, page 2, item (b).

A "**Net content**" statement must appear on the label as outlined on the application form CFIA 4031, page 2, item (e).

The word "**Product of ...**" indicating the country of origin must appear on the label. The statement should be placed below the descriptive name of the product as outlined on the application form CFIA 4031, page 2, item (f).

The statement "**Do not use on food contact surfaces**" must appear on the label.

Upon receipt of the amended label, we will then proceed with this submission.

Yours truly,

Jean Chiasson
